Narrative:            centercaps taken off tires of car parked in unlocked garage

Spoke with the complainant. He wanted us aware that someone took the plastic center caps off his Buick Riviera (LI ITALY). There were some scuffs to the left rear and a few dings/dents on the car also. He is not certain exactly when the damage occurred but believes that it most likely happened in the past day. His garage does not lock. He is going to have a lock installed on the garage door as well as a video surveillance system for the exterior of the home.
